Contenido

Bug in use case <UC.008>< Instantiate a route as a walk>

Description
Se ha detectado que los walks se guardan sin fecha y sin inn.

Results
Se ha encontrado y solucionado el error.

Bug in use case <UC.013>< Make a decision regarding a Compostela. The decision may be either to approve it (if the user has stayed in an inn at the end of every hike of the corresponding route) or deny it (otherwise). In cases in which a Compostela is denied, the administrator must provide a justification>

Description
Se ha detectado que la decisión se guarda si no está aprobado y no tiene justificación.

Results
Se ha encontrado y solucionado el error.

Bug in use case <UC.015>< Manage the amenities that are offered by the inns that he or she manages, which includes creating them, editing them, deleting them, and listing them>

Description
Se ha detectado que la Amenity no se eliminaba al pulsar eliminar.

Results
Se ha encontrado y solucionado el error.
